

Quote Request Form

Information items in **bold** are required for quote. Other items are required for bidding proposal. Please provide additional information that you believe to be relevant. All non-public information will be treated as confidential.

Please create additional copies of the form or individual pages if necessary. Return the submission by your preferred means using the contact information at the bottom of the page.

1. Project Information

Project Location (region, other/identify): _____

Site / Facility Type: _____

Security Requirements: _____

Terrain and Climate: _____

Project Time Frame: _____

Existing Security Systems: _____

Expected Competing Bids: _____

Requestor's Name, Title, Affiliation, and Contact Information, including Company Website:

Requestor's Role (end user, consultant, integrator, other/describe):

2. Site Perimeter

Total Perimeter Length: _____

Perimeter Type (fence, buried, wall, mixed/describe, other/describe):

Perimeter Layout (closed loop, open loop, other/describe):

3. System Installation

Who will be responsible for installing the system (requestor, other/specify, TBD)?

4. Equipment Room

Distance from Perimeter: _____

Building Access for Lead Cable: _____

Lead Cable Installation Type (buried, duct, aerial, other/describe): _____

Electrical Power (yes/no, type): _____

Back-Up Power (yes/no, type): _____

Controlled Environment (yes/no, type): _____

Network Access (yes/no, type): _____

5. Fiber Optic Infrastructure

Provide this information if fiber-optic transmission infrastructure is to be included in the quote.

Number of Dark Fibers: _____

Number of Drop Locations: _____

Provide this information if device connectivity is to be included in the quote.

Devices and Interface Types (IP, serial, video, PTZ controls, dry contact, other/describe):

6. System Integration

Integrator (requestor, other/specify, TBD): _____

List existing or planned security systems that FiberPatrol system will interface with, if any:

Other Alarm Management (local/remote, type, interface, manufacturer):

Video Surveillance (type, interface, manufacturer):

Provide details for SMS integration, if applicable, including total number, manufacturers, models, and interface options of:

Cameras
DVRs / NVRs
Matrix Switches

Access Control (type, interface, manufacturer):

Other Sensors (type, interface, manufacturer):

Alarm Annunciators (type, interface, manufacturer):

7. Fence Sensor Installation

Fence Type (chain link, barb wire, welded mesh, expanded metal, wrought iron, etc.):

Trim Details (bars, braces, tension wires, outriggers, barb/razor wire, slats, coating, etc.):

Panel Height: _____

Panel Width: _____

Fabric Gauge: _____

Age / Integrity: _____

Tension: _____

Vegetation (type/height): _____

Number of Gates: Swing
 Slide
 Cantilever
 Other (describe) _____

Install sensor on swing gates (yes/no): _____

Other Fence Interruptions:
 Buildings
 Bridges
 Railroad Tracks
 Drains
 Empty Space
 Other (describe)
 Total Number _____

Obstructions within 10' inside the fence (buildings, trees, telephone poles, etc.):

Total Number: _____

8. Additional Information

Please include additional information, sketches, drawings, images, etc.
